

# 100

## A Centennial Celebration: **100 Volumes** of *ECS Transactions*

### **It all began in 2005.**

*ECS Transactions* first publishes with Volume 1, Issue 1: “Physics and Chemistry of SiO<sub>2</sub> and the Si-SiO<sub>2</sub> Interface – 5.” *ECS Transactions* was launched to replace the hardcover books that were published in *The Electrochemical Society Proceedings Volumes*.

### **Fast forward to 2021.**

*ECS Transactions* publishes Volume 100: “IV Congreso Colombiano de Electroquímica (IVCCEQ2020).” Today, *ECS Transactions* is the official conference proceedings publication of The Electrochemical Society. This publication features full-text content of proceedings from ECS meetings and ECS-sponsored meetings. ECST is a high-quality venue for authors and an excellent resource for researchers. The papers appearing in ECST are reviewed to ensure that submissions meet generally accepted scientific standards.

### **Be a part of ECS history.**

Get published in an upcoming volume of *ECS Transactions*. For more information, visit [www.electrochem.org/publications/ecst](http://www.electrochem.org/publications/ecst).
